SPEAKERS

Sarah Bakke, BSN, RNC-NIC

NICU Staff Nurse at Nemours Al Dupont Hospital

Sarah is an expert NICU nurse committed to evidence-based practice in neonatal nursing with focused interest in developmentally supportive, neuroprotective care to optimize neurobehavioral outcomes of hospitalized infants. She is currently seeking an expanded knowledge base and autonomy through pursuit of a Master of Science degree, Pediatric Primary and Acute Care Nursing Practitioner Program at Drexel University.

Rebecca J. Kaye, MS, RD, CDN, CNSC

NYU Winthrop Hospital, Mineola, NY

Rebecca is a Neonatal Dietitian with a wide range of experience in providing care to neonatal patients. In this role, she has been responsible for the assessment of nutritional needs, tracked growth parameters, analyzed biochemical markers of nutritional status and evaluated vitamin/mineral requirements for all high-risk neonates in a level 3 neonatal intensive care unit.

Pamela Harris-Haman, DNP, CRNP, NNP-BC

Holy Spirit Hospital, A Geisinger Affiliate, Camp Hill, PA

Pamela has 24 years of experience as a neonatal nurse practitioner responsible for the medical management of high-risk neonates. She has had numerous teaching responsibilities, professional presentations and has been published in professional publications. She currently serves as the Chair of the Neonatal Abstinence Syndrome Task Force at Holy Spirit Hospital.

PROGRAM DESCRIPTION

This program is designed to meet the educational needs of perinatal and neonatal nurses and registered dietitians and nutritionists in PA, NJ and DE. Presentations will focus on the application of new research in the clinical setting.

PROGRAM OBJECTIVES

Upon completion of the program, the participant will be able to:

- Describe growth failure and the importance of growth assessment tools in the NICU.
- List strategies to optimize outcomes with nutritional management.
- Describe advantages and disadvantages of various scoring methods for NAS.
- Identify various non-pharmacological treatments for NAS infants.
- Identify long-term outcomes related to altered neurodevelopment and sensory integration for the hospitalized infant.
- Define language nutrition and describe its role as a neuroprotective measure for the hospitalized infant.

CONTACT HOURS

Kendra Schreiner, RN, 18160 Cottonwood Road, Sunriver, Oregon, 97707, PH:503-467-6661 is an independent provider approved by the California Board of Registered Nursing and has approved this activity for **6 contact hours**. Provider #15828. This program has been approved for 6 CPEU credits for dietitians by the PANDF.
